Tom Borden, Attorney
302 So. 6th St. Brnd.

Dear Tom,

Our Township is considering obtaining a surplus Army tanker to be stored in the Township garage and can be used by any Township residents - free of charge - for fighting fires. Our concern is to what extent would the Township be liable if a resident was injured while using this equipment? Our insurance Agent thought the Township would not be liable but he suggested contacting an attorney for clarification. Our Township has a fire protection contract with the City of Garrison, but, our Board thought a tanker, located in Pine Center, would be of great benefit to all residents. You may contact me at 764-2478 or write me at the above address.

Thank you.

Sincerely

Dear Hank,

The Town Board discussed your concern regarding maintenance of Rd #4 again at the meeting on Oct. 5th. The Board decided that they could not discontinue maintaining

Rd #4 because of other property owners may become upset and because of the public access to the lake.

The Board stated that they would try very hard and use every precaution not to dig up any rocks or to leave any chock-holes in the road.

I know this is not the decision you wanted, but I hope you can understand the Board's side of it too.

Sincerely,

Dear Sir,

Is it possible for our Township to receive partial
payment of our settlement which was due on Aug. 15th?

We have a bank loan of \$3800.00 that is due Sept. 1.,
and we owe a contractor \$1100.00 who is overly anxious to
get payment.

Our settlement last year on August 15th was \$6531.96.
Partial payment of \$4900.00 would be greatly appreciated and
would not put our credit rating in jeopardy.

May I hear from you at your earliest convenience.

Dear Sir:

As of this date we have received no information from the county treasurer as to the amount of money which the County of Crow Wing has collected. I realize that late payment placed a burden on many taxing districts, but as I do not have control over current settlements, I can only offer you the following solution.

We will make a partial settlement ~~to~~ of 75% of the amount received in the 1975 July settlement thereby assuring us that no overpayment will be made due to delinquencies within your taxing district. We are sending your town treasurer a check in the amount of \$4,900.00 as of this date.

If I can be of any further help, please feel free to call on me.

Sincerely,

Dear Tom,

Our Township is considering obtaining a surplus Army tanker to be stored in the Township garage and can be used by any Township residents - free of charge - for fighting fires. Our concern is to what extent would the Township be liable if a resident was injured while using this equipment? Our insurance Agent thought the Township would not be liable but he suggested contacting an attorney for clarification. Our Township has a fire protection contract with the City of Garrison, but, our Board thought a tanker, located in Pine Center, would be of great benefit to all residents. You may contact me at 764-2478 or write me at the above address.

Thank you.

Dear Hank,

The Town Board discussed your concern regarding maintenance of Rd #4 again at the meeting on Oct. 5th. The Board decided that they could not discontinue maintaining Rd #4 because of other property owners may become upset and because of the public access to the lake. The Board stated that they would try very hard and use every precaution not to dig up any rocks or to leave any chock-holes in the road.

I know this is not the decision you wanted, but I hope you can understand the Board's side of it too.

Bob Kotten, Clerk

Dear Sir:—

I just want to follow up,
in writing what I said at your
last township meeting near Pine Center!
This is Roosevelt Township, of course.

I spoke, probably quite
excitedly, because of a severe hearing
problem, about our road (Road #4)
leading to and past my place, Sundgaard
Resort, on Camp Lake, the Lake Beautiful.

I asked that our road not
be graded ~ rather it should
be bladed if even that. My
neighbors all agree with me and
if a petition is necessary; I
will get it up!

You see, the road is now,
because of no grading - even blading,
where it is as good as it has
been in my 30 odd years on the
shores of this beautiful, though
small, lake.

Please now, don't grade,
dig up rocks & stones to cause chuck

2

almost always ruin the road!
Tire Blises, punctured mufflers,
punctured Air Conditioner lines,
fuel lines, all have been happenings
because of rocks (not stones - but rocks)
boulders etc.

Please drive down our
road - get out of your car &
examine the road. You will see
how travel has worn the ~~rock~~
road down to where it is almost
as good as paved.

Look, especially, at the
road behind my place & beyond.
Grading, or blading will never
make it better.

The whole road from the
black top on (in) will show what
I mean. You probably will have to
walk all sections of the road to
see that all sections are as I say.

Now then, I realize that
your pay is poor. So I suggest:-
1st You should use the
Road Grading money to boost your
salaries & expenses to do the job
we expect you to do. Money
for your salaries for extra duties
will be well justified. Pay over
500⁰⁰ per year for taxes. All I

You recognize I do something about your problem.

Leave our Road Alone most of the year. It may be that in the first days of Spring we will need grading — But not the whole road — just those spots where early visitors to the Lake insist on visiting the Lake & cause ruts — but those spots are few — we ask that you only grade those spots.

We have close to 140 Cabin owners on the Lake, not all in Roosevelt Township, of course, but we don't need more people from outside the area to come to the Lake, especially for Winter Fishing. So, why do you plow the road (or landing) to make it so easy for access to the Lake?

Do you get money from the State, D.N.P., or others — or is our tax money (Camp Lake People) providing money for the winter fishing people from as far away as the Twin Cities. I know the Quille Lake Lake people encourage Winter fishing on Camp Lake — for pgm

at any time — probably in a
months time — to the extent of 170 people.
So why spoil our Lake
by plowing out the access (meant
only for Camp Lake people originally)
Save that money too, since you
work on such a small (unjustified)
budget & use it for road inspection etc.
I am extremely sorry that
I have such a hearing loss that
I cannot communicate with you
verbally, too good.
However, believe me, I
am for you (plural).
I love your country —
have loved it for over 30 years.
— pay my taxes (though grumbling)
& have retired here.
Would it help if I claimed
Prosser Township as my home
for voting purposes — The KNR
suggested that it would help.
Non-voters are ignored —
Should we be?

Very Sincerely

Hank Sundgaard
